

SAUGEEN RAIL TRAIL ASSOCIATION

Annual Update

POD 5-13

2024

- Upgraded trail surface between 10th Conc and Hwy 21, including extensive tree trimming.
- Planted 20 trees and 20 shrubs along trail, and maintained a water schedule throughout the summer.
- Ongoing trail maintenance and safety inspections.
- Ongoing garden maintenance and grass cutting.
- Planned brush cutter trial to restore trail width and reduce overgrowth.
- Planned resurfacing of trail from Hwy 21 to South Street.

2025

- Resurface trail surface from South Street to McNabb Street and brush back trail
- Continue to advocate for, and pursue, Hwy 21 paved shoulders (to remove tripping hazard and greatly enhance mobility for trail users); and improvement of general safety at the crossing
- Continue trail maintenance and safety inspections
- Continue with annual tree planting partnering with *Trees for Saugreen* and the Town.
- Review and upgrade deficient trail access points.
- Repair / replace park benches and upgrade permeable bases.
