Resolution Urging the Federal Government to Keep Climate Change as a Foremost National Priority

WHEREAS, the impacts of climate change—such as rising temperatures, extreme weather events, flooding, droughts, wildfires, and sea-level rise—are already affecting communities across Canada;

WHEREAS, climate change poses a serious threat to public health, infrastructure, local economies, biodiversity, and future generations;

WHEREAS, municipalities are on the front lines of climate change, often bearing the burden of disaster response, infrastructure adaptation, and long-term community resilience;

WHEREAS, despite local action, meaningful progress on climate change requires bold and coordinated leadership at the federal level, including policies, legislation, funding, and international cooperation;

WHEREAS, Canada has made national and international climate commitments, including under the Paris Agreement, and must continue to strengthen its role in mitigating greenhouse gas emissions and supporting adaptation;

NOW THEREFORE BE IT RESOLVED THAT the Municipality of Bluewater Council urges the Government of Canada to:

1. **Maintain climate change as a top national priority**, reflected in legislation, national planning, funding, and public policy;
2. **Prioritize investments in the clean energy transition in the upcoming Federal budget**;
3. **Continue to support municipalities** in their efforts to mitigate and adapt to climate change, including through sustainable infrastructure funding, disaster preparedness support, and clean energy investments since municipalities have the ability to influence change in ~50% of emissions within Canada;
4. **Accelerate the transition to a low-carbon economy**, ensuring that it is just, inclusive, and economically beneficial for all regions and communities;
5. **Engage in transparent, science-based policymaking** that reflects the urgency of the climate crisis and the lived experiences of Canadians;
6. **Collaborate with Indigenous communities** and respect Indigenous knowledge and leadership in addressing climate change including obtaining free, prior and informed consent; and
7. **Continue to report annually** on national progress in reducing emissions and implementing adaptation strategies.

BE IT FURTHER RESOLVED THAT a copy of this resolution be forwarded to the Prime Minister of Canada, the Minister of Environment and Climate Change, local Members of Parliament, the Federation of Canadian Municipalities, the Premier of Ontario, the Association of Municipalities of Ontario as well as local MPPs and all municipalities for their consideration.

Sincerely,

Chandra Alexander
Manager of Corporate Services/Clerk
