- Operational excellence
- Technology adoption

2

SKILL DEVELOPMENT

- Workforce development
- STEM education
- Skilled trades awareness

3

INDUSTRY VOICE

- Policy guidance
- Government relations
- Community engagement

MEMBER ENGAGEMENT & PARTNERSHIPS

Council and staff event participation

Partners in our community and beyond

Clean Energy Frontier Conference: securing the future

“That’s how you **secure the future.**
So, my question to you is: Are you ready?”

- Eric Chassard, President and CEO, Bruce Power

Industry voice: driving original research and policy

Looking ahead

In 2026, NII will:

- Continue to fulfill our 620 Tomlinson lease agreement activities
- Encourage cross-sector learning through invites to upcoming NII Innovation Days
- Participate and lead community partnerships and programming
- Drive conversations in nuclear ecosystem development and the impact of the Clean Energy Frontier region

With **400+** nuclear supplier
locations across Ontario, Bruce Power
and the Clean Energy Frontier region of Bruce,
Grey and Huron counties are delivering real
benefits for communities throughout Ontario.

Because what starts in the Clean Energy Frontier
doesn't end here—**it's changing lives in
your hometown each and every day.**
